On the island of Hven located in the strait of Öresund between Denmark and Sweden lies the Spirit of Hven Distillery. Founded in 2008, this family owned distillery became the third pot still distillery ever to be built in Sweden and is one of the world's smallest commercial pot distilleries.

Although Hven only covers an area of 3 square miles and has a population of around 350 inhabitants; from this remarkable island comes some of the highest quality handcrafted spirits produced. Spirit of Hven produces a diverse range of oak matured, organic distillates, described as "Taste & Scent with Sustainability".

Tasting notes:

Hven Organic Vodka - A distinct mellow flavour and elegant mouth feel. This vodka is best drunk on its own, over ice or with the addition of water alone, but it also works well as an ingredient in cocktails.

Hven Organic Aquavit - Clear notes of caraway combined with a berry freshness from the St John's worts and organically grown oranges and lemons, giving it a delightful element of citrus.

An outstanding luxury gin with the delicate aromas and flavours of citrus, juniper and grains of paradise, with a background of vanilla and spice.
