Kamm & Sons is the British Aperitif. A bittersweet botanical spirit that stimulates the palate before food. Kamm & Sons is made in London, in a similar way to gin, but using 45 natural botanicals, including ginseng roots, freshly peeled grapefruit and Manuka honey.

Tasting note: Fresh and citrusy on the nose with light floral/anise and juniper notes, with a sweet, rich and spiced herbal palate, finally ending with a long, honeyed bitterness. It is delicious served neat over ice.
