The Dujardin Bourgogne Aligoté, is an excellent expression to the innovative nature of the Dujardin family, who choose to emphasise quality and modern techniques in their winemaking practices, whilst paying homage to the rich winemaking tradition of Burgundy. The landscape in which these grapes are grown are nestled between the prestigious regions of Meursault and Volnay, the grapes are planted exclusively on limestone-rich soils, and this coupled with an excellent climate is the ideal terroir for strong grape growth. Expect complex aromas of citrus, green apple and some white flower notes.
