Charles Heidsieck Champagnes are some of the most awarded Champagnes of the last few decades, recognised and respected by all in the industry due to their outstanding quality.
“In a class of its own, easily distinguished from any other, Charles Heidsieck champagnes are striking for their aromas, a deeper, more stratified texture. Generous, complex and with a long finish, Brut Réserve alone expresses the full DNA of the House. It also mirrors that temporal dimension that allows our wines to express their true ageing potential. This notion of time is all the more distinct in that our champagnes enjoy the absolute best ageing conditions, in the 47 crayères of our Gallo-Roman chalk cellars.”
Elise Losfelt, Cellar Master.
