The Copper Crew's Rosato is a fresh and fruity rosé. It is a blend of Primitivo, Negroamaro, Nero di Troia and Aleatico; all harvested from Puglia. Primitivo is a dark skinned variety which makes up most of the blend, giving it deep colour and aromas of black cherry. Negroamaro is a plummy variety with summer fruits and gentle tannins, adding texture and roundness. Nero di Troia is the aromatic element, giving violets and summer berries. Aleatico is a ruby-hued grape with beautifully floral aromas like rose and magnolia. It is both Organic and Vegan friendly.
