The PNVZ range from Bollinger represents a distinguished selection of champagnes that exemplify the house's dedication to tradition and quality. The name "PNVZ" refers to the blend's core components: Pinot Noir, Vieilles Vignes, and Zéro Dosage. Pinot Noir is a fundamental grape variety for Bollinger, adding a robust structure and richness to the champagne. Vieilles Vignes, or "old vines," are used to create a wine with greater depth and complexity. Zéro Dosage indicates that no additional sugar is added, resulting in a drier and more refined flavor profile. This range showcases Bollinger's expertise in producing champagnes that are both pure and expressive.
