

FUJI SINGLE MALT WHISKY

£71.20

SKU: JWFUSM

Categories: [Japanese Whisky](#)

Fuji Gotemba Distillery was established in 1973 by Kirin, in partnership with Seagram's and Chivas Brothers, to create world-class whisky in an environment mirroring the climate of Scotland. Located 620 metres above sea level, its cool, humid conditions and pure mountain spring water contribute to the whisky's signature clarity and balance. With a unique blend of Scottish, Canadian, and American whisky-making influences.
