Vinca Theresia Rhein Riesling 2023 is an elegant dry white wine made exclusively from 100% Rhein Riesling, grown on the sunlit, south-facing slopes of Carastelec village in the heart of the Crişana (Körösvidék) DOC, in north-western Transylvania.

The vines grow in soils composed of clay and mica under the influence of a cool continental climate, where warm days and cool nights ensure gradual ripening and preserve vibrant acidity—an essential trait for this expressive grape variety. The vineyard is managed using a Guyot mid-cordon training system, which provides the grapes with balanced sunlight and allows them to ripen evenly.

Fermented in stainless steel tanks under strict temperature control, Vinca Theresia is vinified in a New World style that highlights freshness, precision, and the pure varietal character of Rhein Riesling. No oak ageing is used, allowing the natural aromatics and acidity of the grape to shine. The result is a wine of striking clarity and finesse.
