Ridge Vineyards Zinfandel 2023 is a quintessential dry red wine from California's Russian River Valley, crafted from a field blend dominated by 70% Zinfandel alongside Carignan, Petite Sirah, and Alicante Bouschet. The vineyard's soils are unique—gravelly river deposits laid down by ancient floods of the Russian River—offering excellent drainage and mineral complexity. This site stretches approximately one and a quarter mile long and a half-mile wide, with vines benefiting from a cool, moist climate marked by above-average rainfall of 64 inches and a prolonged growing season that delayed harvest into late October, fostering balanced ripeness and vibrancy.
