Mayúsculas Albariño is part of Bodega Pizzorno's fresh and modern Mayúsculas line, crafted to express the evolving character of Albariño in Uruguay. Bodega Pizzorno, a fourth-generation family winery founded in 1910 by Italian immigrant Don Prospero José Pizzorno, is in the Canelones region—a cool-climate area shaped by the Atlantic and the Río de la Plata estuary. The region's calcareous, clayey silt soils and temperate maritime climate with mild summers and cool nights create ideal conditions for grape growing.
