While the Château de Beaucastel's history dates back to 1549, the estate's modern story begins with its purchase by the Perrin family, stalwarts of the Rhône Valley and pioneers in winemaking innovation. Château de Beaucastel was one of the earliest adopters of biodynamic viticulture, gaining certification in 1974, and continues to craft sumptuous wines that reflect a deep respect for the terroir.

Beaucastel's 110 hectares of vineyards are in one single plot at the North of the appellation. Defined by the archetypal feature of Châteauneuf, galets rous – large pebbles that absorb heat during the day and release it at night, guaranteeing optimum ripening.

Château de Beaucastel has 7 hectares of white varieties, planted on molasse seabed of the Miocene period covered by diluvial alpine deposits (rolled pebbles). The blend for this wine is Roussanne 80%, Grenache blanc 15%, Picardan, Clairette and Bourboulenc 5%.

Handpicked in small cases, followed by a thorough sorting of the grapes, pneumatic pressing, settling of the juice, fermentation (30% in oak barrels, 70% in tanks) for 8 months then bottling after 8 months.
