Chateau Clou du Pin Premium has built a reputation as one of the great wine values of Bordeaux, under the management of the Fontana family.

Located just 10 miles from Saint-Émilion and made from over 90% Merlot grown on ideally located south-west facing vineyards at 120 metres above sea level. These have the HVE certification and are farmed organically. The premium red is made from a selected single vat which has performed especially well during fermentation and aging.

A rich, deep, dark-fruited red with aromas of blackberry and black cherry balanced with savoury spice, vanilla, and cocoa, all framed by lush, ripe tannins.
