The Mataroa family introduces the innovative Mataroa 0.0, a non-alcoholic spirit from Melissanidi Distillery, the creator of the beloved Mataroa Mediterranean Gin. With a hundred years of knowledge and the experience of three generations, they have crafted a unique alcohol-free experience. Using the same recipe as the best-selling Greek premium gin, Mataroa, Mataroa 0.0 targets those who choose not to consume alcohol but still want to enjoy a drink that doesn't compromise on flavour and quality. By utilising the aromas from the natural oils of Mediterranean botanical ingredients found in the classic Mataroa Mediterranean Gin recipe, third-generation distiller Dimitris Melissanidis has managed to create a drink with the same aromatic notes as Mataroa Mediterranean Gin, but without alcohol. It is perfect for those who want to avoid alcohol while still enjoying a delightful beverage. Mataroa 0.0 is served with ice and tonic, just like a classic Gin & Tonic.
